

Calendar 1997 with Holograms of Innovations

1997 Crown Roll Leaf. Inc. Calendar 30x46 cm. Embossed hologram 15x15 cm

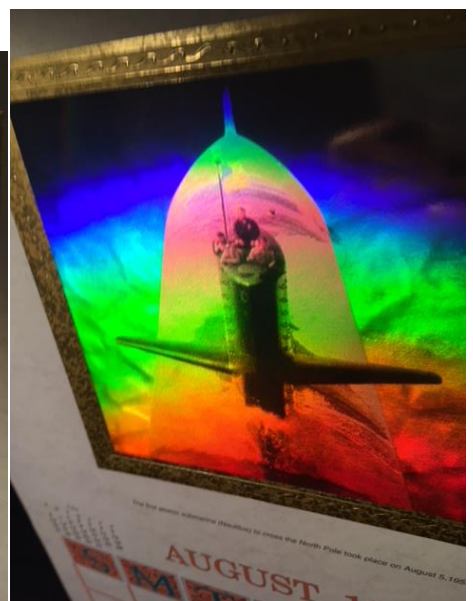

Crown Roll Leaf. Inc. Produced a very nice Calendar 1997 with several important Patents & Innovations by using embossed holography. The Calendar is in a perfect condition since it has never been exposed at any of our Hologram Exhibitions. Three historical events in June 1894, July 1962 and August 1958.

An Automobile patent was issued to Karl Benz on June 26, 1894

The first communications satellite (Telstar) was launched on July 10, 1962

The first atomic submarine (Nautilus) to cross the North pole took place on August 5, 1958
